

PURPOSE: To clarify how room inspections occur before holidays and extended weekends

INTRODUCED BY: Jaelyn Lister and Alexis Freeman

BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND SCIENCE SENATE:

SECTION ONE (REASONING):

Coming to MSMS is a major adjustment for all. However, there are some prospective students who may not have any prior connections to or knowledge regarding the school before they apply. In turn, our handbook acts as the most abundant collection of information for future students and their parents to learn more about our school and its functions, and it is crucial to ensure that it consistently evolves and remains as accurate as it can possibly be.

SECTION TWO (SPECIFIC CHANGE):

HOUSE KEEPING / INSPECTION

RL.49. Failure to pass room inspection will result in disciplinary action. Although inspections occur weekly, a basic degree of cleanliness is always expected. All rooms will undergo a full inspection after students leave the building for holidays and extended weekends. **The timing of room inspections before holidays and extended weekends may vary at the discretion of Residence Life Hall Directors.** The purpose of room inspection is to ensure cleanliness, safety, wellness, and a climate conducive to learning. Room inspections include, but are not limited to:

- All dirty laundry put away in hampers
- All clean clothes are put away neatly (folded in drawers or neatly hung in closets)
- All trash is taken out to the dumpster
- All remaining items—books, papers, etc.—are arranged neatly
- Windows and blinds are clean
- Bed made
- All surfaces dusted and cleaned
- Floors swept and mopped to a shine
- All toiletries arranged neatly
- Toilet clean (No trash around the toilet. The toilet itself is clean on the sides, in the bowl, under the seat, etc.)
- Shower is clean (This includes the tub being white, soap scum removed from the walls, any shampoo or soap is neatly arranged and devoid of grime)
- Mirrors cleaned
- Sinks scrubbed clean
- Under sink cabinets cleaned and organized
- Staff will also check to be sure that no unauthorized items are in the room
- beds, dressers, desks, sinks, vanities, closets, refrigerators, vents, windows, blinds, carpets, woodwork, and any other type of furniture or equipment, a student has brought into the room. The staff will also check to be sure there are no unauthorized items in the room and that trash has been removed.
