

PURPOSE: For 2 quizzes to count as 1 test on the multiple test form.

INTRODUCED BY: Sydney Beane

BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND SCIENCE

SECTION ONE (DEFINITIONS):

Multiple Test Form- a form where any student having three or more tests scheduled on the same day may request that one test be rescheduled.

Quiz- Weekly/Bi-weekly examination

Test- Examination marking the end of a unit

SECTION TWO (REASONING):

Having 2 quizzes and 2 tests on the same day (or any other mix of several quizzes and tests on the same day) takes a very similar amount of study time as three tests. This workload can cause lots of stress for students. Allowing this change could improve stress levels and mental health throughout the student body.

This bill was requested specifically by a student, making it a legitimate concern of the student body.

The set-up states that only tests can be moved if you count two quizzes as one test for the purpose of moving them. This prevents a student getting behind in class/ causing the class to be behind. As quizzes are moving parts of a Unit while tests are the end of a Unit.

SECTION THREE (SPECIFIC CHANGE):

On page 55 of the Student Handbook (page 60 of the pdf), the following will be changed:

MULTIPLE TEST FORM

Any student having three or more tests (Note: two quizzes may count as 1 test) scheduled on the same day may request that one test be rescheduled. The rescheduled date and time shall be at the discretion of the teacher. The procedure is as follows:

1. Approach the teacher whose test the student wishes to reschedule.
2. Complete the form by obtaining appropriate signatures for verification of the number of test scheduled on the same day.

3. Submit the completed form to the teacher who has agreed to reschedule the test.
4. The teacher will keep the form for his/her records.
5. If no teacher is willing to reschedule a test, the student should seek assistance from the Director for Academic Affairs.
6. When using two quizzes to count as 1 test, the student still may only move the tests, not the quizzes.

Requests to reschedule tests must be accomplished at least 24 hours in advance
