

PURPOSE: To allow card readers to turn on at 6:00 a.m. when the doors are unlocked.

INTRODUCED BY: Senator Malhotra

BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND SCIENCE

SECTION ONE (REASONING):

Many people tend to leave the dormitories to work out or just to walk outside in the morning around 6:00 AM but can't get back in until 7:00 AM. This is because the card readers do not turn on until 7:00 AM.

There have been many students who have complained that it is inconvenient for those who tend to accidentally leave something in their dorm, get a workout done early, or even just must rush back due to a personal emergency, but aren't able to get back into the dorms.

I have spoken to Res Hall Staff about this, and they support the idea, but they did mention that there are no Res Hall staff at the desk until 7:00 AM, unable to manage foot traffic in and out of the dormitory.

SECTION TWO (~~SPECIFIC CHANGE PROPOSED ACTION~~):

For the card readers to be programmed to be active at 6:00 AM students must have a separate sign-out sheet where they must sign their name as they can slide their wellness hour card under the window doors in the lobby, so Res Hall Staff will be aware of the number of students who are before they leave the dorms before 7:00 AM.
