

PURPOSE: To reword confusing language in Privilege Plans section

INTRODUCED BY: Avary Bodmer

BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND SCIENCE

SECTION ONE (REASONING):

It was brought to my attention that the wording in the convoluted language within the Privilege plan section. I have asked around for more input on these changes and have been met with great support from not only juniors, but from seniors as well. It is not my motivation to change the meaning within the original text but to make the wording easier to read/understand.

We can all agree that this confusing language makes it harder for students to follow the guidelines because of the confusion it brings up. By making these changes it makes it easier for students to adjust to their plan without having questions; that is why these changes are necessary.

SECTION TWO (SPECIFIC CHANGE):

On Pages 110 and 111 of the Student Handbook, the following will be changed,

Privilege Plans

Privilege plans are given based off of behavior and other criteria, which are ~~monitiered~~ **monitored** throughout the following 9-weeks. The different criteria can be seen as grade point average (including NCs), work service, and Res-life is in charge of these different plans given to each student.

General Guidelines

JUNIORS

1. Incoming Juniors generally have had little experience with the demands required of them. To assist them in developing self-discipline in their residential life and study habits, self-reliance in caring for themselves in a campus environment, and the advanced planning skills necessitated by a college-type schedule, we ask them to follow a guided structure until the end of the first 9-week grading period. During this time many on and off campus activities will be available.

~~1. Because Juniors have little experience on campus, this results in new behaviors and new demands required of them. This certain plan will help assist them in developing self-discipline in their study habits, residential life, service in taking care of themselves and their surroundings, and the skills necessary for a college-type schedule. During this time, they have many on and off campus activities that will be available.~~

~~As Juniors have little experience on campus, they must quickly adjust to new behaviors and new demands that are required of them to attend MSMS. Due to this, a Junior plan has been implemented to help them develop self-discipline in their study habits, residential life, their surroundings, and the skills necessary for a college-level schedule. During this time, they have many on-and-off campus activities that will be available.~~

Junior Plan (all incoming juniors)

CURFEW: School nights: 10:25 p.m. Friday and Saturday: 10:55 p.m.

STUDY HOURS: 7:00 p.m. - 9:00 p.m. Sunday-Thursday; room doors will be left open until after the 1st quarter grades are evaluated

LIGHTS OUT & COMPUTERS OFF: 12:00 a.m. Sunday-Thursday

OVERNIGHT GUESTS: None

CAR USE:

~~For trips home only. Keys must be turned in to the residence hall office. Students may go off campus after signing out in the residence hall to walk to several specific places down town during daylight hours or ride in school shuttles. (Weekend shuttle trips are made to the mall, movies, and Wal-Mart.)~~

~~Cars can only be used for trips home, after which keys should be turned into the office of the students' residence hall. Students are allowed to walk off campus, within specific areas, during daylight hours (6:30 before daylight savings, 5:30 after daylight savings) or can be transported by school shuttles. Weekend shuttle trips are made to the mall, movies, and Wal-Mart.~~

SIGN-OUTS:

Students are extended a 4-hour limit on weekends when signing out with siblings or parents of other MSMS students. The 4-hour limit does not apply to the student's own parents.

1. ~~Shortly~~ After the first nine-weeks grades are released, juniors will have the opportunity to move to the Standard Plan or the Extended Plan*. The criteria to be assessed when 1st nine-weeks grades are released may be found under the eligibility criteria for each of the plans that follow.

~~*Juniors are not able to move to Premium plan until the 3rd nine weeks.~~

- ~~2. Beginning with the 3rd nine-week grading period and every nine-week grading period thereafter, Juniors will have the opportunity to move to the the Premium Plan. based on the results of academic, residential, wellness, and work service performance during the previous nine-week period.~~

SENIORS

1. Seniors' 1st nine-week plan placement will be based on their performance the last nine weeks of their Junior year.
2. Beginning with the second nine-week grading period, and every nine-week grading period thereafter, seniors may apply for placement on either the "O", Premium, or Extended Plan. Seniors who do not qualify for any of these plans will be placed on either the standard plan or an Individualized Assistance plan, based on the results of academic, residential, and work service performance during the previous nine-week period.

PROCEDURE

Students will be placed on one of the three (3) privilege plans after their initial nine-week period. Evaluations and distribution of privilege plans will be completed 1-2 weeks after the finalization of the most recent academic quarter (nine-weeks). Evaluation of each student's performance on specific criteria during the previous nine weeks determines plan placement. ~~For example, students on the Standard Plan during the 2nd nine-week grading period who have met the criteria for the Extended Plan will have all the privileges associated with the Extended Plan during the 3rd nine-week grading period. What those students do during the 3rd nine-week grading period will be the basis for determining their privilege plan placement for the 4th nine weeks.~~
