

PURPOSE: To prevent Goen residents from having work service in the Frazer residence hall.

INTRODUCED BY: Jacqueline Smith

BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND SCIENCE

SECTION ONE (REASONING):

Work service is meant to instill a sense of responsibility, ownership, and respect for one's spaces. In this regard, it would be reasonable to assume that Frazer Hall would be kept by its residents. However, an unusual number of Goen residents have Frazer work service. All the Goen residents I have spoken to personally do not appreciate their assignment to the male dormitory and many more people find the arrangement to be disturbing. The Goen residents assigned Frazer work service describe their experiences as inconvenient and uncomfortable. Although Frazer Hall has less residents, they should be responsible for maintaining their own spaces.

SECTION TWO (TESTIMONIES FROM GOEN RESIDENTS)

- a) Peter Bomhold- *"I think it's weird in general that Goen residents should have to clean men's spaces. I know *another student* expressively hates having Frazer Lobby. It's really uncomfortable, awkward, and degrading to have to clean after Frazer residents while they're passing in and out. They wouldn't let me live in Frazer, but I have to clean after them. I don't think they respect the spaces as much either because they're not the ones responsible for their upkeep."*

- b) LaShaunda Otis- *"I have work service in Frazer. It is a hassle because the key card doesn't work, and the RAs make the job extremely hard. For example, once I was doing my work service and I had to go outside and finish. When I needed to come back in, the RA was being extremely rude and basically saying that I shouldn't be there asking what am I doing and what not when I was just trying to do my work service."*

*Other Goen residents with Frazer work service were contacted. LaShaunda and Peter agreed to share their experience along with their names.
