

PURPOSE: To clarify how many hours you can get for wellness hours each day.

INTRODUCED: Jennifer Bui

**BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND
SCIENCE**

SECTION ONE (REASONING):

In the Goen resident hall during the end of the first nine weeks, a note was written on the whiteboard stating that during the weekends a limit of 1 hour and 30 minutes per sign-out is counted towards wellness hours, and on the weekdays a limit of 3 hours per sign-out is counted towards wellness hours. After the first nine weeks ended the note was erased, but Goen residents continued to refer to this note. There was no clarification if this decision would move onto the next nine weeks or if it was for those two weekends. In addition, some residents did not even know about this new rule. However, after asking the Honorable Ms. Latoya, she cleared the confusion. She said that the Honorable Ms. Kei Lei posted the note to prevent residents from signing off excessive wellness hours to complete their requirements for the first nine weeks. To this day, no email or note written on the whiteboard has been posted to clarify the confusion.

SECTION TWO (RESPONSES):

Response 1 (Anonymous):

“I thought it was for the whole nine weeks, so I was worried my hours did not count.”

Response 2 (Anonymous):

“I didn’t know about it until I turned around and saw it on the whiteboard on some random day.”

SECTION THREE (PROPOSED ACTION):

Emails should be sent out about wellness hours and have better clarification.
