

PURPOSE: To restrict SGA Officer candidacy to Senators

INTRODUCED BY: Noah Curtis Lee

BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND SCIENCE

SECTION ONE (REASONING):

As it currently stands in the Constitution, anyone—regardless of their familiarity with SGA—would technically be allowed to run for SGA President or Secretary; this bill seeks to amend this relative absurdity. Although any given election would most likely be self-selecting in choosing the most qualified candidate (which would almost perpetually be a former member of Senate), it is dangerous to allow any uninformed candidate to usurp the proverbial Senate throne.

The proposal here is relatively simple: disallow outsiders to run for SGA positions. This seems intuitive already, as in many ways SGA, as a closed group of individuals, feels like a club.

Also, the proposal suggests a four-meeting requirement for hopeful Senators; this comes from the original handbook text for Vice President requirements, and it is meant to discourage inactive or excessively inexperienced Senators from picking up leadership roles.

SECTION TWO (SPECIFIC CHANGE):

On page 7 of the SGA Constitution (PDF page 8) after the section “Requirements,” the following should be added:

- 5) At the end of each semester, all Senators will be given the opportunity to resign from the Senate.
- 6) All candidates seeking an elected or appointed office for their Senior year must be a Senior for the duration of their term. All candidates seeking an elected or appointed office for their Junior year must be a Junior for the duration of their term.
- 7.) Candidates for all SGA ~~Vice-President~~ offices must have been a Senator for four Senate meetings and must end the year as a current senator.
