

PURPOSE: For access to the laundry room to be available for 24 hours on Friday and Saturday.

INTRODUCED BY: Ramse Jefferson

BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND SCIENCE

SECTION ONE (DEFINITIONS):

Weekend: Friday and Saturday

SECTION TWO (REASONING):

The laundry rooms are one of the most vital parts of the residential buildings. However, there are only 4 washers and dryers each, leading to a buildup and waiting times to do laundry. Removing the time when the laundry rooms are closed on Friday and Saturday could help alleviate the problem. Being open 24 hours on the weekend would allow students ample time to do their laundry and decrease congestion during weekdays.

SECTION THREE (SPECIFIC CHANGE):

On page 85 of the Student Handbook (PDF page 90) under the section “Curfew and Evening Hours” the following would be changed to:

1. Courtesy Hours – RL.35. At no time should the noise from a student’s room or common area be loud enough to disturb others (i.e. loud enough to be heard at the next door).

2. Study Hours - Courses at the school are rigorous and require students to fully apply themselves. To help students reach their full academic potential, a study time during the school week (Sunday – Thursday) is an important part of the school program.

- RL.36. During the hours of 7:00 p.m. – 9:00 p.m., students must be in the library, the residence hall, or an academic building for tutorials. If students desire to study in another student’s room in their residence hall, they must leave a note on their door indicating the room number of the room they will be in. In order for students to have students who are not their roommates in their rooms to study, they must have their roommate’s permission. During these hours, TV's are turned off, and there is no inter-hall visitation. Students are expected to be in the approved areas from 7:00 p.m. – 9:00 p.m. and sign in/out when changing areas.

- RL.37. During study hours, students are not allowed to play computer or video games. Cell phones may be used for academic purposes. Conversation in designated study areas should be kept to a minimum. Students who desire to study with music must use headphones.

- Parents are strongly encouraged not to call students during study hours.

- RL.38. All students are required to participate in study hours for the first quarter of their junior year. After that, students may earn privileges to miss study hours. For more information about privilege plans, please go to that section in this handbook.

• RL.39. If students need to miss study hours, the Director for Academic Affairs must grant permission in advance and will determine how the hours are made up. • RL.40. Students may order food for delivery at the residence halls during study hours, but they are responsible for being at the door of their residence hall when the food arrives. Residence Life staff members will neither open the door for student deliveries nor notify students when orders arrive. After students receive their food, they should return to their studies immediately. Failure to adhere to the guidelines will result in this privilege being lost for the student.

3. Curfew – Going by residence hall office clocks, the front doors of residence halls will be locked at 10:25 p.m. Sunday through Thursday. On Friday and Saturday, doors will be locked at 11:55 p.m. RL.41. Students must report to their rooms by 10:30 p.m. Sunday through Thursday and 12:00 a.m. Friday and Saturday. Students cannot leave the residence hall until 6:00 a.m. the following morning.

4. Room Check—Room checks will occur at 10:30 p.m. on weekdays for all students. On weekends, room checks will occur at 11:00 p.m. for students on Junior Plan and IP and 12:00 a.m. for all other students. Students will be asked to stand outside the doors of their rooms with their keys and IDs until a Residence Hall staff member has accounted for them.

5. Lights Out – RL.42. All lights including computer monitors must be turned off by 12:00 a.m. Sunday through Thursday. To allow students to return to rooms prior to lights out, the laundry rooms and computer labs will be locked at 11:55 p.m. and open the next morning at 7:00 a.m. On Friday and Saturday, quiet time begins at 12:00 a.m., and the ~~laundry rooms and~~ computer labs will close at 11:55 p.m. and will open the next morning at 8:30 a.m. **On Friday and Saturday, the laundry room will not close.** RL.43. Students found outside their rooms will be considered in an unauthorized area. Unless permission is given by the Hall Director on duty allowing time for extended study, students must retire to bed. For the purpose of early morning study only, students may leave their rooms, but not the building, no earlier than 5:00 a.m.

6. Quiet Time – Quiet time is meant to allow students to be undisturbed in their quest to sleep, relax, or study. RL.44. During quiet times, students must keep noise levels to a minimum and be respectful of others.
